**Friends of Wilderness Battlefield  
Annual Membership Meeting Minutes  
7 November 2020**

President Leach called the meeting to order at 11:00 A.M. The attendance was low due to COVID-19, but Secretary Bartholow announced that we did have a quorum, even though it was mostly board members.

President Leach asked if all in attendance had read the minutes from the 2019, which were in the report booklet, and all agreed they had. Member Det Wilkins motioned that the minutes be accepted, Director Baxter seconded the motion, and all approved.

Treasurer Slunt announced that the gift from the estate of deceased member Nate Bond was in the Operating Account.

President Leach highlighted some of the big things that happened during the past year. The most important item was that the new bathrooms are now fully operational and ready for public use. NPS has hire a 3<sup>rd</sup> party to clean them once or twice a week. They were to have a timed lock system, but now it has been decided that they will have a manual lock system. Under Det Wilkins' leadership, the Ground Force now has 4 big mowers, and one is an extra-large one that will cut tall stuff. The annual NPS volunteer picnic was held in September and was a huge success. Social distancing was observed and food came in boxes. About 150 came, ate, and listened to the rangers tell funny tales about some of their experiences on the job.

Vice President Lookabill presented a history and an update on the hospital room. From May 1863 until at least August 1863, Ellwood served as a Confederate hospital for the 2<sup>nd</sup> Corps CSA. Records indicate that at least 132 patients were treated there. Records show that Dr John Alexander Graham from Lexington was one of the doctors during that time. Dr Harvey Black was also a doctor there and actually amputated the arm of one young man, Adam Wilson. Adam wrote letters to his father and left as soon as he could and walked all the back to his home in what is now West Virginia. Adam is portrayed as one of the patients in the display. Furnishings are as authentic as possible, coming from antique stores and families. The figures were made by a company in Baltimore.

In the absence of Director Kolakowski, Director Epp resented the slate of officers for the 2020-2023 term. They are as follows: incumbents Mark Leach, Milbrey A Bartholow, Beth Stenstrom, Pete Kolakowski, and new member Gary Close. Director Bartholow made a motion to accept the slate, Member Wilkins seconded the motion, and all approved.

Ranger Greg Mertz sent greeting from NPS. And presented some highlight. He stated that Wilderness is doing much better than some parks, mainly due to our volunteers. FoWB sponsored an intern. The Ground Force kept the ground looking pristine. We

are the only park that has been able to have any interpretation, and we hosted the volunteer picnic. All of this gives us a very favorable influence with NPS. There are three areas that need to have focus – Safety, Politics, and Harassment – and all will be address during training sessions. Greg announced that he is retiring in March 2021, but is willing to do training if we have it. Frank O'Reilly will be one of our ne support staff. Mary O'Neal will be the FoWB liaison, and Becca Torry will be the volunteer coordinator. Based on the recently discovered 1866 photo, there will be some changes to the house. Both visitor centers are having major work done. At CVC, the well went bad and a new one has to be dug. At FVC, the basement was flooding, so the outside walls had to be waterproofed. All who applied for an internship got one, and each was given a special project.

President Leach adjourned the meeting at 12:25 P.M.

Respectively submitted,

Milbrey A Bartholow  
Secretary of FoWB Board

## **ELLWOOD VISITATION**

Visitations for the 2021 season through September totaled 1900. Volunteer interpreter hours through September totaled 1268.

The coronavirus has again severely impacted all of FoWB's operations in 2021 including the interpretive operations at Ellwood. At the beginning of the interpreting season the house remained closed to the public. FoWB began weekend interpreting, again on the landscape, on the 24th of April. Because the coronavirus reduced both the number of FoWB interpreters and Ellwood visitors the decision was made to only open Ellwood Fridays thru Mondays during the summer. Shortly after opening the house to visitors the Park required masks be worn in all Park buildings. Weekend only operations were resumed on the 21st of August. The last day of 2021 operations was the 7th of November.

The coronavirus and the cancelation of all special programs has again had a significant impact on the number of visitors in 2021. The number of visitors by the end of September 2021 was 1900. While up slightly from the 1771 visitors at the end of September 2020 the number of visitors was still significantly lower than the 4527 pre-pandemic visitors at the end of September 2019.

## **TRAINING and RECRUITMENT**

Two new interpreters received training on March 27, 2021. NPS Supervisory Historian Greg Mertz led the new interpreter training. In person training for veteran interpreters was conducted on the 17th and 21st of April. The training was led by NPS Lead Historians John Hennessy outside at Ellwood. While veteran training has in the past been optional it is now required every year for volunteers who interact with the public.

The loss of a number of interpreters due to covid and other reasons has reduced the number of active interpreters to about twenty-five.

## **Battlefield Ground Force (BGF)**

The BGF continued to provide outstanding upkeep to Ellwood and associated Wilderness Battlefield grounds. Grounds work has been performed essentially a year-round due to the dedication of the volunteers, with the BGF trimming trees and brush, removing trees, clearing undergrowth, and providing maintenance throughout the year. As the year entered the growing season, the BGF's weekly tasks included mowing of the grounds surrounding Ellwood, along the length of the driveway, the Wilderness Run trail, and Wilderness Tavern site and tending to various gardens in addition to the brush trimming and clearing duties. The National Park Service Maintenance Department provided excellent support to the BGF throughout the year, providing supplies and equipment to facilitate the BGF efforts. Specific tasks accomplished in 2021 include:

- Installed erosion control measures around Ellwood.

## **Park Service Support**

- NPS actively supported the Ground Force and provided guidance concerning the maintenance of Ellwood grounds in light of the virus restrictions.
- NPS installed air conditioning to the BGF breakroom in the brooder barn.

## **Park Day**

- Unfortunately, Park Day was cancelled again this year due to the virus.

## **Wilderness / Walmart Tract Primitive Campsite**

- The primitive campsite on the Walmart tract was continuously monitored and maintained so that it would be ready for use when requested. When utilized, typically the BRC would coordinate the opening/closing of the facility, the delivery of a porta-potty, and develop tasks for the scouts.
- Wilderness tract reports were provided to the Virginia Dept of Historical Resources that covered 2020 and first, second, and third quarters of 2021.

## **Membership/Heritage Committee 2021 Annual Report**

Submitted by Milbrey A. Bartholow, Chair

*Members: Robert Epp, Daniel Sheron, Lynn McDonald*

This year has continued to be different in so many ways. The pandemic continues, although things are easing up a little. We still have had no person-person contact with the public, but we continue our work.

We have a very supportive notification system for our members – email letters, personal contacts like phone calls, etc. – , and we will continue to cultivate the support we receive from our members. We are so grateful for you, our members, and without you, we could not exist. We hope you continue to spread the word about what we do here – Preserve, Protect, and Promote – our wonderful battlefield.

The membership committee continues to send renewal reminders and thank you letters for money received. This year we have obtained 18 new members, but we have lost quite a few. Several moved and left no forwarding address. Several have passed away during the past few years and we just found out. Our goal for this next year is to get our numbers back up.

The Heritage Program has added 4 new members to the Wilderness Brigade and currently we are working on several other potential candidates. Please take time to search you past and see who is lurking there just waiting to be honored. Our committee is waiting to help you.

Our committee also planned and had the annual meeting last November in spite of COVID-19 restrictions. Minutes can be found elsewhere in this booklet.

# **Governance Committee 2021 Annual Report**

Submitted by Pete Kolakowski, Chair

*Members: Bob Epp, Bob Lookabill, Craig Raines, Don Shockey, Beth Stenstrom, Gary Close*

The Committee had a relatively quiet COVID year. The routine work consisted of answering questions about and interpretation of the bylaws.

The current approved set of FoWB bylaws are dated August 8, 2020.

Also, as required in the bylaws, the Governance Committee was designated by the FoWB President the Nominating Committee for proposing the slate of Board candidates for election at the 2021 Annual Meeting.

The Nominating Committee conducted the process of identifying candidates to be elected to the Board by the membership at the annual meeting. This year the annual meeting will be presented with a slate of five nominees for a term of three years which is the Class of 2024 and one nominee filling a vacancy in the Class of 2023. Filling these director positions will maintain and continue the FoWB Board consisting of 15 members as provided for in the bylaws.

The Governance Committee seeks to expand in 2022 with others from the general membership. Members that may be interested in becoming Governance Committee members are encouraged to let the chairman know their interest and with their contact information.

This year, we met with Josh Walton, lead web designer with Websites for Anything, and we are in the process of updating our website. The older platform was not working well anymore, and we wanted a newer, fresher look. We should have our new and improved website up and running by the beginning of 2022.

Due to COVID 19 restrictions, we were not able to do many outreach events this year. We did have a tent at the Orange Street Festival in September, and our volunteers enjoyed talking with a lot of people. Hopefully, we will be able to have our Welcome Table at Living History events next year at Ellwood.

The Communication Committee Chair still co-administers the FoWB Facebook page, and we still work closely with the Membership Committee Chair to send out renewal reminders every month. We also have continued to send out a quarterly newsletter four times a year.

We currently have 1,180 Contacts subscribed to our Constant Contact account, and we have 2,088 “Likes” on our Facebook page.
